

Why work for Komatsu?

- **Be part of a truly global organization.** Crossing vast geographic and cultural boundaries provides endless opportunities for diverse, challenging career experiences.
- **Interact directly with stakeholders.** We work side-by-side with our customers and business partners, developing deep relationships that allow us to fully understand and meet their needs.
- **Work alongside leaders.** Our leaders are involved, approachable and actively invest in the success of team members.
- **Innovate together.** A culture of innovation and collaboration leads to cutting edge solutions that moves our company forward in a competitive industry.
- **Improve continuously.** Driving Operational Excellence through our entire organization through visible, consistent metrics while eliminating waste and simplifying processes ensures the highest quality and reliability in all that we do.
- **Realize your potential.** Career exploration and growth is fostered through our deep commitment to personal and professional development, because every employee is a reference.
- **Make a difference.** We invest in our communities and encourage our employees to give back to the places where we live and work.

KOMATSU

Who we are:

Since 1921, Komatsu has stood for unrivaled quality and reliability. Our enduring global success stems from the principles of our founder, Meitaro Takeuchi, who envisioned a sustainable future built through globalization, quality first, technology innovation and talent development. These defining principles, along with an emphasis on safety and compliance, remain part of our Komatsu DNA. With each brand and company added to the Komatsu family, we expand our capabilities, leveraging our global teams to push beyond what can be done and create what can be imagined. We believe partnering directly with our stakeholders and being in the workplace (gemba) is the best way to gain insight into their challenges, win their trust and develop cutting-edge solutions.

What we do:

Komatsu is an indispensable partner to the mining, forestry, industrial and construction industries that maximizes value for customers through innovative solutions. With a full line of products supported by our advanced IoT technologies and global service network, we help customers safely and sustainably optimize their operations. Our **Komatsu, P&H, Joy** and **Montabert** equipment and services are used to extract fundamental minerals and develop modern infrastructure.

What sets Komatsu apart from other internships?

- During your internship at Komatsu, your performance leader will be there to mentor you every step of the way.
- We encourage our interns to provide fresh ideas and a different outlook. You will gain hands-on experience and leadership opportunities on projects directly related to your degree and career interests, setting you apart from others in your field.
- Depending on the position, internship roles could even interface directly with global team members, our senior leadership team or customers, providing you with invaluable learning experiences.
- Many of our interns go on to become full-time employees, continuing to grow and apply their practical experience on the job.

What our alumni have to say

"I learned a lot, felt appreciated, a part of the team. I genuinely enjoyed going to work every day. I experienced new and challenging situations where I was pushed to learn and comprehend things I never had before." – Johnny

"I've never had such an immersive or rewarding internship. I was engaged and challenged every day, but after each one, I truly felt I had contributed towards the success of the company." – Matt

"It's a great place to hone your skills and learn from fellow employees. The leadership and support from my coworkers was superb." – Kyle

Help us solve mining's toughest challenges

Interns are valuable colleagues that help us achieve our strategic goals and from your first day on the job, you will be learning, contributing and growing your career in a collaborative, global environment. Our teams do extraordinary, innovative things.

Are you Komatsu?

We're looking for individuals who share the KOMATSU Way values. You have integrity, a deep respect for history, value diverse perspectives and care about the people you work with. You are team-oriented, innovative and naturally curious. Not only are you proud of the uncompromising quality of the work you do, you dig deep to discover solutions for your customers' needs and perform at a high level.
