Our trade surplus has **continued to expand** since the 2017 acquisition of Komatsu Mining Corp. (Milwaukee)

(1,000)

Committed to zero harm, community and the environment

Zero harm

At Komatsu, we have **best-in-industry safety standards**

11 of our U.S. operations have more than **1 MILLION HOURS** without a lost-time injury

3 of our warehouses have more than **7 YEARS** without a lost-time injury

We strive for zero harm, every day.

Community support

In the United States and around the world we partner with nonprofits and local communities to support causes that adhere to our founding spirit, including:

The Environment

The environment is an area of continual focus because we believe that only through harmony between Earth and people will we be able to progress sustainability.

We are **one of 160** companies on the CDP's global "A List" of corporate organizations pioneering efforts to combat climate change and improve water security

In the United States, we have set a goal of achieving a **32% reduction in CO2** emissions at our manufacturing facilities **by 2020**

We are leveraging our technology and innovation capabilities to reduce equipment emissions **25% by 2025**
